DETAILED ACTION

Response to Amendment

1. The amendment filed May 26, 2004 has been entered. Claims 7-24 have been canceled and new claims 25-39 have been added.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claim 39 is rejected under 35 U.S.C. 102(e) as being anticipated by Sawasaki et al.
(“Sawasaki”) US PG-Pub 2001/0026347.

Sawasaki discloses in figs. 47-51 a color filter substrate 241; a thin film transistor substrate 231; a plurality of liquid crystals between said color filter substrate and said thin film transistor substrate to form a matrix including a plurality of unit pixels 263 arranged in a plurality of rows and columns; and a plurality of columnar spacers 265 interposed between said color filter substrate and said thin film transistor substrate, wherein said columnar spacers are provided in a plurality of pairs, each pair of columnar spacers being in a pair of two unit pixels adjacent to each other in a column of the matrix, and each pair of columnar spacers is spaced from all other pairs of columnar spacers by at least two pixels of a column.

Allowable Subject Matter

4. Claims 1-6 and 25-38 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
